Our next regular meeting will be Wednesday, March 13, 2024, at 7:00 p.m. Come join us for a discussion of our past and upcoming cruises and fine refreshments, followed by a guest speaker.

The presenter this month will be our commodore, Joe Cloidt, on the topic "Lithium Batteries: An Enlightening Experience". Mr. Cloidt will explain the differences between various battery technologies, the pros and cons of each, impacts on your boat's battery charging system, and his own enlightening experience converting from lead-acid to lithium iron phosphate batteries.
